

These general-purpose products can be used to expand the Lok-Kit I, Lok-Kit II, Notebook-Kit, Notebook-Kit II and Uni-Kit. All of these components are interchangeable to provide you with the flexibility needed for your changing environment.

The Super Bond™ and industrial tape adhesive Pad-Lok™ plate products can be used on any flat, non-porous surface to secure additional peripherals or as an anchoring point to the workstation. When a non-permanent theft deterrent is needed and there is an external cover screw available, the Uni-Lok™ security housing (#09110) can be used.

### Features:
