

# Notebook-Kit™

## Transportable security for your laptop!

Universal theft deterrent for notebook computers! Whether you are in your in the office or on the road, you need to protect your portable computer from theft. The Notebook Kit™ provides the security you need. Secures all notebook and laptop computers including those with the small security retention slot. Qualtec's Micro-Clip secures firmly in the built-in security retention slot built into most systems. For those computers without a security retention slot, a rectangular "Super Bond" plate is provided.

Our kit also includes a round "Super Bond" plate for peripheral such as a monitor or as an anchoring point in your office. Industrial strength adhesive securely bonds metal security plates to any surface. Our plates have a holding strength of over 700 lbs. (318 kgs). Five foot (1.5 m) steel cable links to a single anchor point. Custom configurations and keying options available.
