

Protect internal components and memory!
The Uni-Kit™ is the ideal product to protect the internal components of your computer CPU when mounted to a chassis cover screw. If you have leased equipment, this product is the perfect choice where a removable security kit is preferred. The kit includes one round “Super Bond™” plate for an anchoring point to your workstation, and the universal lock housings feature a twist-proof design for extra security. In addition to computers, secure printers, audio/visual equipment and personal copiers.

Expand the Uni-Kit™ with any of our ACCESSORY products.
