Grips up to 1500 lbs!

Plates feature small, two-penny wide footprint

### #1 SELLING TWO-PENNY™ PLATE KIT

The small plates take up very little space... but they pack a big grip... making it our most popular kit. Each plate is all-metal... with a chromed surface. They are designed to bond to any surface... using our tough Super Bond liquid adhesive. The small, 2-penny wide footprint makes them useful on any valuable item. Add additional cable or plates as needed. Each kit contains three 1½" x ¾" oval plates, Super Bond Adhesive, 40mm steel padlock and a 5' heavy duty cable.
